

CentraleSupélec organizes an entrance examination to select students with a Bachelor degree from non-French universities in order to obtain the engineering degree of CentraleSupélec after a 3-year study program.

The candidates must excel in one or several scientific domains. A good level in Mathematics is crucial to pass the entrance examination and take the engineering study program of CentraleSupélec.

According to their academic courses, the students must choose 1 major between 3:

- Mathematics
- Physic
- Mechanics

➤ Tests

- Major Mathematics

Written tests: Mathematics 2hrs, Physics MCQ 1hr

Oral tests: Mathematics 30mn, Physics 30mn, interview 30mn

- Major Physics

Written tests: Physics 2hrs, Mathematics MCQ 1hr

Oral tests: Mathematics 30mn, Physics 30mn, interview 30mn
